DOWAGER EMPRESS

Flees to the Russian Legation for Safety.

OVER A MILLION BOXERS
BELIEVED TO BE AT WORK

All indications point to a prolonged trouble and the Expulsion of Missionaries or the Division of China.

By Associated Press to the Journal.
LONDON, June 11.—A dispatch from Tien-Tsin says it is reported that the dowager empress has fled to the Russian legation at Peking.

There are 31 foreign war vessels at Taku. A message from Peking to the Admirals asserts that the situation is hourly growing more dangerous for foreigners. All those at Peking have taken refuge in Legation street. The civil males are under arms to fight with the regulars, if necessary. The approaches to Legation street are surrounded by howling mobs of undisciplined soldiery, with cannon and bayonets. The international guard were holding off the mob, which screamed insults and threats.

This was the situation when the columns got through with the latest dispatches. The Empress Dowager was amusing herself at the palace with the atricles.

It is reported that government arms are being dealt out to the Boxers. The troops of Tung Fuh Seang are said to be assisting to kill native Christians, after malignant tortures.

The Chinese Minister at London, Lo Fung Lue, when shown the latest dispatches from Tien Tsin, authorized his secretary to make the following statement:

"It is all nonsense to believe that the Empress is encouraging the boxers. She is doing all she can to calm them. How can the Chinese government support a rebellion, when China alone suffers? We have already lost property worth £10,000,000. The Empress back of the Boxers! It is absurd."

The secretary expressed the opinion that the Boxers numbered less than 1,000,000 of the population.

The Daily Mail has the following from Tien Tsin, dated Friday, June 8:

"The wildest rumors are current here to the effect that Peking is burning, but they lack confirmation."

LONDON, June 11.—A dispatch from Shanghai says four thousand Russians with twenty guns are already landed at Tien Tsin, and marching in the direction of Peking.

BERLIN, June 11.—The foreign office has received a dispatch from Peking, dated Sunday, saying the American mission house at Tung Chow, was burned by the natives. The dispatch further says the International club, outside of the gate of Peking, was burned, and the Belgian secretary of the legation was attacked by the Chinese soldiers. The foreign offices express the fear that the German embassy may be the next attacked.

TIEN Tsin, June 11.—But for the firmness of the United States Consul and Captain McCalla and the British Consul there would have been some further delay in dispatching the international troops to Peking, and a majority of the forces would not have been British Representatives of the European powers have

disparaged the idea that the British force should preponderate. The Anglo- Americans, however, insisted and carried their point.

New York, June 11.—The following from Peking was received today at the Methodist Episcopal board: "Massacre of native Christians, situation of foreigners critical. Press Washington. A copy of the message was immediately sent to President McKinley."

WASHINGTON, June 11.—The following undated dispatch was received at the navy department: "Forces landed by different nations, opening a communication to Peking. Americans joined." [Kempff.]

Kempff also reported the arrival of the Monocacy at Taku.

WASHINGTON, June 11.—The navy department has received the following from Admiral Kempff: "Tong Ku In case all communications Peking cut, not able to go alone. If other nations go will join to relieve Americans. The situation is serious. A battalion of marines from Manila is urgently requested."

Secretary Long sent the following to Admiral Remey: Manila, "Send by So-lace immediately all dispatches to Kempff and one hundred red marines."

FATAL WORK OF A STREET CAR COLLISION

By Associated Press to the Journal.

PROVIDENCE, R. I., June 11.—By a collision which occurred in Warwick, on the suburban line of the Union Railroad, Sunday two cars striking end on, four persons were killed and about 25 injured, of whom three are probably fatally hurt. Lieutenant-Governor Kimball is among those who are not expected to live.

Word is received in this city of the death of Frank M. Bewley, at Hood River Sunday evening at 4 o'clock. Deceased is remembered as a pioneer of this city, having been a popular young business man here in an early day. After leaving Salem he became manager of the Kinney Salmon Canneries at Astoria, and later at Fairhaven. He was 55 years of age at death and his remains will probably be buried at Hood River, as there is no family burying grounds in Salem. The Hood River Glacier of last week has the following item concerning deceased, which will be appreciated by his host of old time friends in Salem:

F. M. Bewley, an old pioneer of Oregon, is sojourning at Paradise farm. He is an invalid, being afflicted with chronic catarrh of the stomach. Mr. Bewley came to Oregon across the plains in 1847, when he was but six years old. His father's family was in camp at Sandy river when the news of the Whitman massacre was received. One of his cousins was killed in the massacre. His father's family all had the measles at the time, and when they learned of the massacre his mother and an uncle took to their beds and never recovered. They were buried by the help of the Indians. The children, sick with the measles, had no medical attendance and nothing to eat but dried salmon and boiled wheat. They were living in a tent, in the month of November, with the rain pouring down and mud and water two inches deep in the tent. Such were pioneer days in Oregon. Mr. Bewley knew Dr. Adams, his host, fifty years ago, when the latter owned the best farm in Yamhill county, or in the state of Oregon."

LATER.
The funeral of Mrs. Bewley will take place at Portland, Tuesday, at 10 o'clock a. m.

MEN KILLED IN ST. LOUIS

Four Deaths and Five are Wounded on Sunday.

LABOR UNION PROPOSE TO RUN
BUS LINES TO COMPETE

The Situation is Growing Worse Instead of Better--The Strike May Last Indefinitely.

By Associated Press to the Journal.
St. Louis, Mo., June 11.—The Central Trades and Labor union, proposes to establish a bus line in St. Louis, to compete with the lines of the St. Louis Transit company, on which there is a strike.

Yesterday was one of the most eventful and bloody since the great strike on the St. Louis Transit began more than a month ago. There were numerous encounters between strikers and other individuals and the constituted authorities resulting in four deaths and the wounding of five or more persons, mostly strikers.

The most serious trouble broke out between 6 and 7 o'clock in front of the six story building on Washington avenue, between Broadway and sixth streets occupied by the sheriff's posse consisting as a barracks and headquarters. Several hundred strikers had gone to East St. Louis earlier in the day to attend a picnic given for their benefit, and toward evening began returning home. The trouble was precipitated when 150 strikers in uniform and headed by a drum corps, came west on Washington avenue. In their capes some of them had cards bearing these words: "Union or nothing; liberty or death."

Just as they were passing the barracks, a car of the Park-avenue division was going west. A number of the men broke from the line and rushed for the car which was without the usual police guard. A brick was thrown through the car window and a shot was fired by somebody not known.

At the first intimation of trouble the sheriff's posse swarmed from the building and surrounding the crowd of strikers, calling on them to disperse. Other shots were fired. Then several deputies turned loose their repeating shotguns, loaded with buckshot. As far as can be learned only four men in the strikers' rank were hit. Not a deputy was wounded.

St. Louis Mo., June 11.—With one exception all of the street car lines were in operation today. The revised list of yesterday's casualties makes, dead 3, fatally wounded one, ten wounded.

CIRCUIT COURT.
Young Wright and Thurman Each Go to the Pen for Two Years.

Department No. 1 of the state circuit court for Marion county convened in the regular June term at 9 o'clock this morning, with Judge Geo. H. Burnett on the bench.

The docket was called, and the court proceeded to the consideration of motions and demurrers, jury men being excused until 1 p. m.

When the case of the State vs. Morrison was reached, District Attorney Hayden asked that the case be dismissed. The defendant had assured him that he would go away if released, and though he had only the man's word for it, he thought it would be best. The case was accordingly dismissed.

In the cases of the state vs. Harry Wright, accused of burglary, and state vs. Wm. Thurman, larceny in a store,

the defendants were arraigned just before dinner and each pleaded guilty, and waived time for sentence. Wright was sentenced to two years in the penitentiary and to pay costs and disbursements. Thurman got the same sentence.

The following docket entries were made:
Prevost Bros. vs. A. B. Kirtz, appeal from justice court; settled.
Harritt & Lawrence vs. Leonard Brown and wife, action for money; default and judgment with order to sell at attached property.

M. Alexander vs. Herren & Levy, action for money; demurrer to new matter in answer and Herren & Levy's motion for judgment on pleadings argued. Demurrer sustained and motion for judgment overruled.

A. H. Loeis vs. P. J. Scharback, action for money; default and judgment. At 1 p. m. the list of jury men was called, and all were present excepting Frank Glover, C. F. Lansing, J. R. Cook, T. J. Beakley and Hamilton Beatty.

T. D. McCarty was then arraigned on the criminal charge of selling liquor to a minor. This is the case from Gates about which considerable matter has appeared in the JOURNAL. Defendant was given until 9 a. m. Tuesday to plead. This was all the criminal matter before the court. The case against Rogers, the photographer who was bound over by Justice Johnson on a charge of rape, has not come up, no information having been filed by the district attorney. District Attorney Hayden has looked into the testimony in this case thoroughly, and examined the prosecuting witness at considerable length this morning and it is not likely that anything further will be done in the matter, except to dismiss it.

There will be no grand jury this term, and there are only two or three cases for the petit jury.

IN LANE COUNTY.

Mohawk Valley Railroad Being Pushed--Wages of Common Labor \$2.00.

Eugene, June 11, special.
Archibald Mason is crowding work on the Mohawk railroad and has now raised the wages of common laborers to \$2 per day. It is stated that the steel rails will probably not be laid before the 15th of September. The grade will not be completed for several weeks yet. The track will be ballasted from gravel taken from the river at the McKennis bridge. The workmen on the McKennis bridge are now building the pontoons for the false work to rest upon. It will take several weeks to complete the structure.

The poles for the telephone line from Eugene to Coburg have all been delivered and they are in position from the Eugene bridge to the Coburg place. They have also been hauled and distributed from Springfield to Wendling by the contractor, Merchant Cole, of Mohawk.

The mill at Wendling is cutting about 80,000 feet of ties daily. The railroad company this week accepted 40,000 of the ties. They will all be shipped to Sacramento California.

It is now thought that the bridge across the Willamette river at Springfield will not be built until next summer.

DISASTROUS TO BRITISH

The Battalion of Derbyshires Killed or Captured.

FIVE HUNDRED PRISONERS--
BRITISH FORCES CUT OFF

The News Strikes London Like a Thunderbolt--Severe Fighting is Expected.

By Associated Press to the Journal.
LONDON, June 11.—General Forester Walker reports that in a disaster of the British troops June 7th, at Rodeval, the Fourth battalion of the Derbyshire regiment were all killed, wounded or made prisoners, except six men. Two officers and fifteen men were killed, with five officers and seventy-two men wounded.

The Boers returned the wounded to the British. The officers killed were Col. Baird Douglas and Lieut. Hawley. The wounded included Col. Wilkinson and Lieut. Blanchard, of the Canadian Infantry.

It is inferred that the Boers captured over 500 men as late as June 10, and held a position cutting off the British forces north of Kroonstad from reinforcements. General Methuen was fighting within 10 miles of Heilbrun June 6.

News of the shutting off of Roberts from communication with the outer world, accompanied by this serious loss came like a thunderbolt.

In London, until the news came, it was thought the destruction of the railroad was accomplished by free Staters who were avoiding rather than annihilating the British detachments.

The Boers appear to be in sufficient strength to completely separate all the British forces north and south of the line fifty miles between Rodeval and Heilbrun.

Today's dispatches reveal that the situation is far more serious than was imagined. The report from Masers says the Boers around Ficksburg refuse to surrender, and severe fighting is expected.

LONDON, June 11.—The following from General Buller was today issued by the war office:

"The force is concentrated on the Klip river, at its junction, with the Gansvlei."

"The South African Light Horse and Second Cavalry Brigade were smartly engaged while covering our left front. Our casualties are about six killed and seven wounded."

VEREPOORT, June 11.—Two hundred Boers surrendered to General Hunter.

TEAM NOT RECOVERED.

Probably Taken by an Ex-Convict and Sold to a Farmer--Man Seen in Portland.

The team and buggy that was stolen from Kadalaugh & Francis livery stable has not been recovered. Mr. Kadalaugh left yesterday in search of his property. It now develops that the team was not taken by Smith Falls, of Newberg, but by a man that was discharged from the penitentiary the morning the team was hired. He drove them across the river to Eayton and Newberg, and that was the last heard of them.

Supt. Lee, of the penitentiary, while in Portland saw him driving on the streets, but he did not have the stolen team with him. Mr. Francis says he thinks the ex-convict sold the team to some farmer before he arrived in Portland. All the liverymen and officers in the valley have been notified but no trace of them can be found.

Two warrants have been issued, one in Judge Judah's court, and one in Justice Johnson's court, for his arrest, and the officers are making an effort to locate him.

LATER.
Constable Minto received a dispatch this afternoon from Portland stating that the team had been found and Pete Francis will go after them in the morning.
